## *Using Other People's Money*

The County School Facilities Sales Tax is a good idea for all Illinois counties. **But it is truly a GREAT IDEA for our county.**

## *Visitors Pay* A MAJORITY OF THE TAX

Because of our location at the crossroads of I-57 and I-70, lots and lots of over-the-road trucks and other vehicles drive through our County. When they do, they spend money refueling their cars and their bodies. When the County School Facilities Sales Tax passes, **far more than half the money will come from these visitors who shop, but don't live in our County.**

## *A Fair Tax* FOR THOSE WHO LIVE IN EFFINGHAM COUNTY

For our own residents, this sales tax is not collected on essential items such as groceries, prescription and over-the-counter medications, cars, trucks and boats, and farm equipment and inputs. Coupled with how much revenue comes from visitors, **that makes it a better way to fund our schools.**
